ELECTED TUTOR .- Mr. J. B. She was sent to the Grant House, where she was kindly cared for unt'l removed to the Hospital by the authorities. In point of economy there is no question as to the great preponderance in his favor.

By the way, we heard one of our shrewdest operators remark a day or two since, that he was seriously thinking of bringing on ten or more of this latest novelty in the horse line, open a school of instruction, and at the proper time give a grand exhibition of the powers and capabilities of "the masheens." We trust he will carry out .his design. Money and fun are in it.

As he is daily in receipt of new and desirable goods, we know of no place in the city where a gentleman or lady is more likely to be suited in Boots or Shoes than at Alex, II. An hour or two later two chaps rejoicing in the names John Frazier and John Cummins, were arrested for indecent exposure of their persons, and the Court re-assembled to dispose of their cases. Their guilt was clearly estab lished, and they were each fined one dollar and costs. Even that small sum was too much for their finances, and they were sent to keep Tim Dorgan company. Wonder if they did'nt resort to that expedient to secure grub and shelter over Sunday?

COURT HOUSE ON THE BRAIN,-We are informed by a gentleman who recently visited Preston county on business, that the entire population is in a high state of excitement on the Court House question. DR. JOHNSON has discovered the most Certain, Speedy, and only Effectual Remedy in the World for Weakness of the Back of Limbs, Strictures, Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Conness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart Timidity, Trembling, Dimness of Sight, or Giddiness, Discase of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those Terrible Disorder arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, bilghting their most brilliant hopes or anticipations, rendering marriage dcc., impossible.

YOUNG MEN especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most excellent talents and brilliant intellect, who might otherwise have entranced listening Senators with the thunders of eloonance. might otherwise have entranced listening Senators with the thunders of eloquence, or waked to essacy the living lyre, may call with full confidence.

MARRIAGE. MARHAGES,
Married Persons, or Young Men contemplating marriage, being aware of Physichal Weakness, Organic Debility, Deformities, speedily cured.
He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS

ORGANIC WEAKNESS. ORGANIC WEAKNESS.

Immediately cured and full vigor restored.

This distressing affection, which renders life miserable and marriage impossible, is the penaity paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becames deranged, the Physicial and Menual becames deranged, the Physicial and Menual Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Paintional Debility, and Wasting of the Frame Cough, Consumption, Decay and Death.

DR. JOHNSON,

DR. JOHNSON, DR. JOHNSON,

Member of the Royal College of Surgeons
London, Graduate of one of the most eminent Colleges in the United States, and the
greater part of whose life has been spent in
the hospitals of London, Paris, Philadelphia
and elsewhere; has effected some of the mosastonishing cures that were ever known,
many troubled with ringing in the head and
ears when asleep, great nervousness, being
alarmed at audden sounds, beabrulness, with
frequent blushing, attended sometimes with
derangement of mind, were cured immudiately. TAKE PARTICULAR NOTICE.

TAKE PARTICULAR NOTICE,
Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which run both body and mind, unfitting them for either business, study, solety or marriage.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakmes of the Back and Limbs, Pains in the Head, Dinness of Sight, Loes of Muccular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility Symptoms of Consumption, &c.,

MENTALLY.—The fearful effects on the mind are much to be dreaded. Loes of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now indge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, Cough, and Symptoms of Consumption.

YOUNG MEN Who have injured themselves by a certain practice, indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly feit, even when asleep, and, if not cured, rendermaringe impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE, reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view, the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another become blighted with our own.

When the misguided and impradent voisity of pleasure finds that he has imbited the seeds of this painful disease it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those, who from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horridisease make their appearance, such as ulcorated sore throat, dieased nose, nocturns pains in the head and limbs, dimness of sight deafness, nodes on the shin-bones and arms, blotches on the head, face and extremitles, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object commiseration, till death puts a period to indecadral sufferings, by sending him to "that Undiscovered Country from whence he traveller returns." DISEASES OF IMPRUDENCE Undiscovered Country from whence he traveller returns."

It is a MELANCHOLY FAOT that thousands tail victims to this terrible disease, owing to the unakilifulness of ignorant pretenders, who, by the use of that DEADLY POISON, MERCURY, ruin the constitution and make the residue of life miserable.
